“Don’t just dream. Do.”

The Leader in Stone Siding

You never thought you could put up beautiful stone like this before – but now you can. NovikStone is stone siding anyone can install to make your home look beautiful inside and out – and in endless ways. It’s so easy to put up, all you need is a few traditional tools. No masonry skills required. Plus, you can put your mind at ease knowing NovikStone is impervious to moisture and stays looking great.

Need any more reasons to check out Novik? Turn the page...

See how fast NovikStone installs compared to traditional stone veneer.

Get Started in 3 Easy Steps

1

Easy installation. Our technology makes Novik products incredibly easy to install. You can pick some up today and have your job done tomorrow. Or even tonight!

Amazingly lightweight. You've never picked up, handled, or worked with stone this easy to manage. It's a homeowner's dream come true.

Total simplicity. Novik is a cinch to order, ship or pick up yourself. Say good-bye to heavy pallets of materials and back-breaking unloading.

No need for masonry tools. All you need are traditional tools like a hammer, some nails, and a saw. For a fun weekend project, simple is always better.

Complementary uses. Novik adds design beauty inside, outside, and all over the house. From accenting a wall to skirting a deck, it's easy to bring your vision to life.

Virtually maintenance free. Novik products are impervious to moisture and stay looking great. You'll have no maintenance – but you will get lots of compliments.

Beautifully affordable. Now you can get a high end look for a lower price. Novik products are easy to put up and easy on the wallet. That's a win-win for you.

2

Select Your Panel and Color

Just look for the square Novik Product Stamp on the box to help make finding your selection easy.

3

Pick Up Required Starter Strips

Starter Strips are required for installation of any Novik panel product, so don't forget to pick up as many as you need.

Choose Optional Accessories

See 18 for NovikShake and page 40 for NovikStone Accessories.

From corners to ledge caps to trim, select from a wide range of accessories to complete your project! Look for the triangle Novik Product Stamp to match the corners to your panel.

How much to buy? Scan here for our materials calculator.

NOVIK Shake®

STAIN NATURAL COLORS
 Exclusive to Novik, Stain Natural is a semi-transparent satin finish. This innovative color technology enhances the wood-grain texture to create the distinctive look of stained cedar shingles.

BLENDED COLORS
 Novik Blended colors combine many accent colors for rich tones, hues, and shades that offer subtle depth and complexity.

SOLID COLORS
 Novik Solid colors offer the look of painted cedar shingles. With a wide variety of the most popular color options, you will find the perfect color for your home to stand out or fit into the landscape.
